### Message from Presidents

**Doug and Jan Bergesen**

Getting closer to dancing! Have you had your shots yet? We have each had one so far. Governor's lifting of the mandates helps, too. But are you ready to get back to dancing? We will be having a board meeting in 2 weeks on March 21st. Our next scheduled club meeting is May 2, but we may bump it up into April so we can decide as a group on when and how to start dancing again.

Doug and Jan Bergesen

## Sunshine information

From Lucy Hamm our Sunshine Reporter

Good news for round dance fans; Christine Hixson is scheduled to be released from the Mesquite rehab hospital this weekend. We wish her a full recovery.

Joe and Ellen Zhang have been staying close to home. Ellen has learned to crochet and knit from YouTube and has made hats for their grandsons and daughter in law.

Ron and Donita See said they were among the lucky ones who never lost power, water or even the internet. They have not practiced any dancing at home but are keeping up with the Social Square Dancing movement. They should have completed their 2 vaccinations also...depending on the big storm delays. Travel wise they were able to see their new grandson at Mansfield during Christmas. All were masked and no food was served but it was nice to visit. They were also joined by their older son and his family. Ron and Donita have a trip planned to Sedona, AZ and Utah. Another trip to Niagara Falls is planned with siblings later in the year.

Gene and Phyllis Deluke did have some storm problems and went to Flower Mound to stay warm with their son and family. Gene had to visit the ER because of the garage door having to be opened manually. Hopefully his finger is healing well. They are watching round dance videos and asked when the start up plan for resuming square dancing will occur. (CASUL has had a meeting scheduled for Sunday, March 7th. 9 clubs who dance at the Swingtime venue are awaiting the answer)

Debra and Grant Gulickson had no problems with the storm in the long run. They did have 3 days with internet inconsistency for their major annoyance. They played a lot of cards and board games. They do have a proud announcement to be made. Their daughter graduates from UT Dallas in May with her Bachelor of Science degree in Bio-Medical Engineering. Graduation will probably be all virtual. The new graduate is looking for a credentialed on-line graduate school to get her Master's done before starting full time work. Grant is still able to work from home. Debra has all of her interior painting done with Grant's help. She is trying to organize all of her photos now. (I need to do that too. Ralph has put a lot of them on the computer but we still have loose ones). Debra said they are interested in hearing more about the Social Square Dancing.

Zari and Harry Kilejian had some flooding and had to use fans for drying out purpose. Luckily they had some extra Swinging Stars club fans which they have been graciously storing. Speaking of storing, Rick Pehrson has the Swinging Stars refreshment bags, in case we ever get back to serving refreshments.

With all of the reading some of us have been doing, we may have run across some good quotations. If you have some, please send to Audrey, the editor. [promenade@new.nortex.org](mailto:promenade@new.nortex.org). She hopes to have enough for the Promenade issue soon.
